presents

**DJ Nas'D**  
**"Get Yourself High"**

DR-038 (2LP / CD)

He's back on the floor! **DJ Nas'D** active breakdancer, DJ and producer aka Martin Zimmermann - delivers his third full length album!

"**Get Yourself High**" is the worthy follow up to his previous albums "Fly By Night" (2005) and "Taken From The Street" (2006) on Dominance, which found great acceptance among the Breakdance and Funk music scenes.

In thirteen new songs, reaching from classic 1970s Disco and Funk to breakbeats and chilled out interludes, **DJ Nas'D** and his Band at the Zughafen Studios Erfurt create an organic mix with groovy played basslines, driving funky guitars followed by analogue synthesizers and Rhodes Piano.

Special guests on this album are Japan's no.1 B-Boy Breaks DJ and Producer **DJ Tee**, the Funkrockband **Makabu** and *Battle Of The Year* host **Spax**.
